**AIMING TO EXCEL AS A JUNIOR SOFTWARE DEVELOPER**

## **CAREER OBJECTIVE**

To strive for excellence in the field of software development with dedication, focus, proactive approach, positive attitude, and passion to utilize my knowledge and skills in the best possible way for the fulfilment of organizational goals.

## **SUMMARY**

- Working knowledge in the development of standalone applications and web-based applications with 1 year experience.
- Strong software developing expertise - including designing/ modeling, programming/ coding of server-side components.
- Working knowledge in Angular, .NET, Entity framework, JavaScript, SQL Server.

## **EDUCATIONAL QUALIFICATION**

- **MCA (Master of Computer Applications)**

St. Xavier's Catholic College Of Engineering, Anna University of Technology Nagercoil, Tamil Nadu.

**Year of Passing: 2020 -Percentage: 70%**

- **BSc Computer Science**

Holy Cross College (Autonomous), Manonmaniam Sundaranar University Nagercoil, Tamil Nadu.

**Year of Passing: 2018 -Percentage: 72%**

## **PROFESSIONAL EXPERIENCE SUMMARY**

- **JUNIOR SOFTWARE DEVELOPER**

CKS Solutions, Nagercoil, Tamil Nadu.

**February 2023 – Present**

- **JUNIOR SOFTWARE DEVELOPER**

Beta monks Technology Pvt Ltd. (subsidiary of Yalamanchili Software Export Pvt Ltd) - Chennai.

**January 2022 – January 2023**

## **TECHNICAL SKILLS**

Frontend	: Angular, JavaScript
Backend	: .Net, Web API, C#, Entity Framework
LINQ Markup Languages	: HTML5
Styles	: CSS3
Database	: SQL Server
Version Controls	: GitHub, Azure DevOps
Development Tools	: MS Visual Studio Code, MS Visual Studio, SQL Server

## PROJECT HIGHLIGHTS

### Project-1

---

Project Name : Voucher Management  
Role : Junior Software Developer  
Technologies Used : Angular13, Entity Framework, LINQ, SQL server

**Description:**

- Developed a software solution to manage vouchers, expense types, employee salary details, and overall management accounts.
- Facilitated the updating of all transactions within the management, ensuring accurate and timely record-keeping.

**Responsibilities:**

- Contributed to the project's overall objectives, ensuring alignment with organizational goals.
- Implemented a Cron job scheduler to automate API execution, improving operational efficiency.
- Developed efficient and maintainable code to meet project requirements and standards.
- Implemented an Exception Logger to track and manage errors, enhancing software reliability.
- Ensured API security by implementing JWT Token authorization for all API calls.
- Conducted bug fixing and performed product maintenance to ensure optimal performance.

### Project-2

---

Project Name : IZPIT  
Role : Junior Software Developer  
Technologies Used : Angular 12, Entity Framework, LINQ, JavaScript, SQL, GitHub, Azure

**Description:**

- Developed an advanced online exam portal (IZPIT) featuring exam setup and management functionality.
- Implemented institution onboarding, question database maintenance, and security enhancements for the portal.

**Responsibilities:**

- Implemented Entity Framework in .NET to develop web API supporting both mobile and web applications.
- Created responsive UI with Angular and Bootstrap technologies.
- Developed an Entity Framework Model and implemented LINQ for querying, sorting, and filtering the complex object.
- Implemented Exception Logger.
- Actively participated in team standups to plan tasks and milestones.
- Created and followed PRs for development in Git.

### Project-3

---

Project Name : Cks Website  
Role : Junior Software Developer  
Technologies Used : Angular12, Bootstrap4&5, HTML5, SCSS, JavaScript, Azure Dev

**Description:**

- Branding Corporate website serving as the primary online presence for potential clients.
  - Focuses on building the company's reputation and promoting its mission and values.
  - Contains information about products or services to familiarise visitors with the business.
  - Aims to instill confidence in visitors about the legitimacy of the company.
  - Combines strong copy and memorable visual content to engage visitors.
-

**Responsibilities:**

- Contributed to the overall project objectives.
- Created responsive UI with Angular and Bootstrap technologies.
- Integrated data from backend services API and SQL database.
- Coded, conducted code reviews, and planned tasks based on requirements.
- Performed bug fixing and maintenance of the project.

**PERSONAL STRENGTHS**

- Ability to analyse issues, identify root causes, and develop effective solutions.
- Ensuring accuracy and quality in code through thorough testing and review.
- Quickly learning new technologies and adjusting to project changes.
- Working effectively in a team to achieve common goals.
- Organizing tasks efficiently to meet project deadlines.

**PERSONAL DETAILS**

- Nationality : Indian
- Languages Known : Tamil and English
- Marital Status : Single.
- D.O.B : 07/01/1998
- Phone number : +91 9488475518
- email ID : sansosowmy@gmail.com

**DECLARATION**

I am confident of my ability to work in a team. I hereby declare that the information furnished above is true to the best of my knowledge.

Place: Tamil Nadu, India.

Date:

Sincerely,

**P. Sanso Sowmi**
